

Greenskies Solar Lifestyle Installer overview

Solar. Simple. Sorted.

Solar. Simple. Sorted.

Compact, lightweight and with flexible installation options – Greenskies Solar Lifestyle panels are compatible with most boilers, heat pumps, and homes. They can contribute as much as 25% of a home’s water heating in winter, and up to 90% in the summer**. It’s a great low-carbon option to heat your customer’s taps and showers.

Why choose the Greenskies Solar Lifestyle?

Efficient

Solar Keymark certified with one of the lowest a1 coefficients available

Reliable

Offer 10 years peace of mind with our decade-long guarantee*

Low maintenance

Only requires an annual service for a lifespan of up to 20 years

Supported

We’ll help you design the system and provide tech support throughout

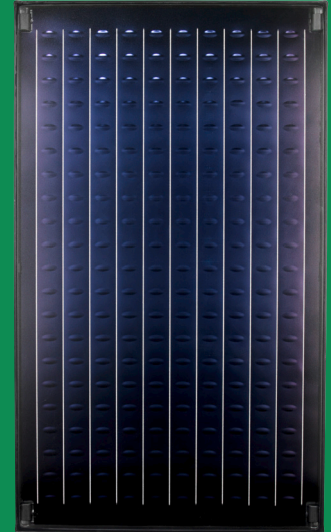

Easy

Compact, lightweight and compatible with most boilers and heat pumps

Flexible

A great addition to your customer’s home heating system

Model	Solar Lifestyle Portrait	
Part number	8 718 530 950	
Dimensions	Length	2017mm
	Width	1175mm
	Height	87mm
Gross collector area	2.37m ²	
Aperture area	2.25m ²	
Absorber area	C	
Absorber volume	0.94 litres	
Weight empty	40kg	
Zero loss efficiency, η_0	72%	
a1	3.52 W/m ² k	
a2	0.013 W/m ² k	
Stagnation temperature	210°C	
Max. operation pressure	6 bar	
Nominal flow rate	50 litres/hour	
MCS certification number	011-7S2243F	

Design team support

Our expert design team are on hand to support you with developing system designs.
